

Corporate Factsheet

February 2025

Energy Movers by Nature

Centrica Energy is a leading energy trading company operating out of eight offices across all time zones to move energy from source to use.

We trade power, gas, liquified natural gas, and energy attributes, and we connect independent producers, suppliers and corporate offtakers in the wholesale energy markets.

Our mission is to drive the green transition while offering sustainable and predictable energy costs for suppliers and offtakers. In short, we call ourselves energy movers by nature.

The Big Picture

We Move and Trade Energy

We are a global energy trading company, operating 24/7/365 to move energy from source to use, powering businesses, homes, and societies as we transition to a new sustainable energy future.

We trade gas across 20 European countries as well as power across 27 European countries and the United States. To service our customers across the globe and optimise our trading activities, our main offices are in the UK and Denmark, with subsidiaries in Belgium, Germany, and Singapore, and branches in Norway and Sweden.
